

**Bethune-Cookman University**  
**School of Education**  
**CAEP 4.2 Accountability Measure**  
**Measure 2 – Part 2 Satisfaction of Completers**  
**Graduate Satisfaction Survey**  
**Appendix 4-4 2021-2022**

**Request**

Provide evidence of Graduate Satisfaction Survey results.

**Response**

Results from the Graduate Satisfaction Survey are used to evaluate how the completer felt their teacher educator program prepared them for teaching.

Data for years 2021-2022 (Graduated 2021-2022 and Worked in 2022-2023).

Data for Measure 4 for Satisfaction of Completers Graduate Satisfaction Survey is not yet available due to Graduate Satisfaction Surveys do not go out until mid-May and will go out on May 20, 2023 for those students who graduated in years 2021-2022 and worked years 2022-2023.

The EPP plans to review Graduate Satisfaction Survey data during the Fall 2023 semester and data for Measure 4 are expected to become available to the public by December 31, 2023.

Please provide comments about your experience in the College of Education.	Student B College fully prepared me for the demographics I currently teach.					
Please provide suggestions you may have concerning how your program could be improved or enhanced.	Student B I would suggest to continue working with difficult demographics because that'll probably be the type of jobs they'll get out of college.

Student A Elementary Education Student B English Education Student C Music Education Please provide comments about your experience in the College of Education.	Student A My experience in the College of Education was very detrimental to my success as a teacher. I've learned so many useful tools that I still use today in my classroom. Each course I took was insightful and it helped me to be creative in the classroom. The professors were very helpful and resourceful, they truly showed that they cared for their students.					

	<p>Student B I absolutely loved my experience with the College of Education! I feel like the program prepared me as much as possible for my career path.</p> <p>Student C It was a developmental process indeed. From freshman year to graduation was nothing but growth and God. Especially my student teaching semester. I honestly didn't feel as if I was ready to teach, but when I stepped in front of the students it's like everything came out from previous lessons from numerous professors. So I am definitely thankful for BCU College of Ed, even the assignments and professors who I felt like were giving me a hard time, but were just pushing me to greatness because they seen the potential in me and wouldn't let me fall behind and get comfortable for less.</p>					
<p>Student A Elementary Education Student B English Education Student C Music Education Please provide suggestions you may have concerning how your program could be improved or enhanced.</p>	<p>Student A I would add daily study sessions for the FTCE Exams.</p> <p>Student B No response</p> <p>Student C</p>					

	Just more tech savvy methods. It's a lot more technological use and we need to be more innovative in that way.

Student A Elementary Education Student B Elementary Education Please provide comments about your experience in the College of Education.	Student A My experience was definitely a great experience and very rigorous. It taught me that there is no other education like Bethune Cookman education. We are always prepared and one step ahead when it comes to having the classroom prepared. The faculty there was very understanding and knew the content to teach.  Student B My professors did an excellent job preparing me					

	for the field of education. Especially Ms. Duncan					
Student A Elementary Education Student B Elementary Education Please provide suggestions you may have concerning how your program could be improved or enhanced.	Student A I think the advisement can be improved. Every other improvement to be suggested was unrelated to College of education.  Student B No response
